\*Reduced Stopping Distance for Abex RX & RN validated by FMVSS 121 vehicle test conducted by Link Commercial Vehicle Testing, Inc. All 6 stops at 60 mph were less than the 250 feet requirement.

Federal-Mogul Motorparts is one of the largest OE and aftermarket manufacturers of friction materials globally. This market leadership is the result of over 100 years of unrelenting dedication to advanced engineering, premium quality and comprehensive coverage, which is why Abex is the premium brand of choice for many of the nation's largest fleets and municipalities. Abex premium formulations have a long history of superior, consistent and reliable performance, which has earned the trust of our customers. In addition, Abex also provides optimum stopping power and superior value for the most demanding applications. All Abex products are identified by the edge code printed on the material. **Other friction brands may claim to be equal to Abex but, if it doesn't say Abex, then it's not Abex!**
